

- im good at thinking about real life situations and how to solve them and also thinking about how i think about that real life situation
- One of my strengths is math. I like math. I also love being challenged. My best class in school is either Pre-Algebra or Spanish.
- My strengths are playing cello, math/ pre-algebra, science, and typing.
- I really love writing, so I work especially hard at that and I write all the time. Poetry, essays, non-fiction, fiction, anything. But I really like writing books (non-fiction) and poetry
- I am really good at math but I like animal science a lot more than math. Also I am really good at building and drawing designs.
- my strengths are reading and science. im also good at band
- I am good at learning dance routines easily aaaaaannnnnnnnnnnnnnndddddddddddd sing, art and poetry. my strengths would have to be the same aaaaaannnnnnnnnnnnndddddddd some school subjects!
- um well i would i am good at football, baseball, basketball and my most important SNOWBOARDING!
- I have been playing the violin since I was five. I also am in MYSO. Besides that, I am pretty good at sports.
- I'm strong at math of almost all kinds. I'm good at reading and writing essays.
- i think im good at volleyball, flute, singing, spanish, and im a really good friend. ;)

- I am very good at reading, spanish, science and playing the violin.
- I am really good at playing violin. I look forward to that class the most. I am pretty good at spanish too. But music and orchestra are definatly my strengths.
- I am good at everything. Some of my thousands of strengths are: acting, answering these questions you are asking me, soccer, dancing, reading, writing, math, gym, and cool stuff.
- I think I am pretty good at math, but I do not like it that much. I like history and mostly about warfare.
- My strenghts are reading and writing. all through my school career i have been in advanced reading and writing classes. My parents are happy when i get a good grade so i like to make them proud.
- I really like to play sports. I am a very athletic person. I am also really good at spelling.
- I am a fair soccer player. I also am a good cook. I love to write stories and I've won an award for an essay I wrote in 5th grade. I am a fair speller although that is not my strongest suit.
- I am good at math and vidio games and traiding card games andd spelleing.
- I am good at math and baseball. Im pretty good at videogames specially FPS
- I am good at math, and some science. I am good at juggling, playing XBOX 360, and I am kinda good at basketball.
- I am good at math and science. I am also good at soccer, basketball, volleyball, track, and many other sports. I'm also good at having fun with my friends.

- I think the thing that I am best at in school is math. It just comes very easy to me. I am also very good at writing but I don't like it that much because I am a slower writer and I usually don't get enough time.
- I would say that I'm strong at reading(grammar,nouns,organization etc...) I'm also strong at drawing. i am pretty good at football and I'm still learning how to ride a skateboard.I'm good at wrestling which I've been in since I was 4 and in band which I've been in for about 2 years.
- i am best at math and science. At reading i cant say i am to much above the average student but i am a little talented in that area.but i like reading because it builds vocabulary and i love using new words. Soical studies is very fun to me when we are studying history and the origin(s) of america.
- My strengths are in most school activities. Math, reading and science are my best strengths school wise. I have always been the highest in my class except for now because i have other people competing for that title. The easiest subject to me is language arts and the language i am taking. I have many strengths outside of school like sports.
- I'm good at math, reading, and softball
- I am good at reading, riding my bike, and dodgeball -
- I'm good at a lot of sports, art and the trumpet.
- My strengths are being able to remember to do things for a very long time and being interested in so many things, so I never get bored. I'm good at all of the five subjects, predicting the forecast, and helping anybody and everybody out.

- My strengths are mostly being a good student in all my subjects. I'm good at reading and math
- I'm really good at spelling and math. I have gotten in the top five of every spelling bee I have attended.
- I can make up a story at the drop of a hat. It will probably start with something that happened during the course of the day at school. It doesn't even have to be funny. I can turn the saddest moments during my day, and later make up a hilarious story about that.
- Reading, Math, and Drawing
